# Why hire a planner?

There are a lot of moving parts that go into a wedding and that can be overwhelming. Hiring a planner in any capacity is a fantastic way to ease some of the stress surrounding your big day.

We have years of industry experienced meaning that we know the questions to ask and the people to reach out to that will make your day go off without a hitch.

At Simply Elegant, we do it all meaning that we know and have worked all the roles that go into making your special day magical.

We custom design and produce your complete wedding and will work with you to craft a wedding that is unique to you and your spouse - including any and all family traditions you want and help picking out the vendors that you love.

Take a look at our packages and give us a call. We offer complimentary consultations so that you can decide if we're the right fit for you.

## Month-of Coordinator

Month-of Coordination includes:

- A meeting to talk about your vision and the day
- Assistance with your timeline creation
- Management of the day from set-up to your first dance
